EDAC Group acquires MH Connectors Ltd.

The Edac Group has announced the acquisition of MH Connectors of Corby UK on 31st December 2010 for an undisclosed sum.

The purchase also includes a controlling interest in MH Connectors France and MH Connectors Asia Ltd.

MH has a worldwide reputation for the manufacture of Sub-D connectors, hoods and accessories together with extensive ranges of modular plugs and jacks, waterproof, DVI, HDMI, DIN 416 12, hard metric and fibre optic connectors.

After the successful conclusion of negotiations, Adrian Robinson, President and CEO of the EDAC Group, said, "Following the second-best trading year in the forty-five year history of EDAC in 2009-10 I am very pleased to confirm a further success in the purchase of MH Connectors."

"This is a well-respected and successful brand within the Interconnect Industry and a very good fit with the rest of our global businesses. I look forward to working with the MH team towards greater success in the years to come."
